DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-15 are rejected under 35 U.S.C. 102(b) as being anticipated by Norton '532. Norton discloses a cultivator (figures 1-6) comprising a lower frame (generally 14) having a front and a rear, two wheels (63,64) attached to the front of the lower frame (as seen in figure 1), an upper frame (as seen in figure 1, area of reference numeral 23) attached to the lower frame and extending rearwardly; and, "J" shaped tines 50 with plow elements and cutting points/edges (as seen in figure 2) attached to the lower frame (via stabilizer span/cross brace 47), the edges appearing to contact the surface at an angle less than 20 (as best seen in figure 1). Further, Norton shows the upper frame terminating at handle assembly 30 and the tines being arranged in staggered rows (as best seen in figures 1 and 3).

Applicant's arguments with respect to claims 1-15 have been considered but are moot in view of the new ground of rejection.

Art Unit: 3671

Applicant's amendment necessitated the new ground of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
